Tianhao (Ian) Jia

Product Designer

With over four years of experience in product design, along with expertise in UI/UX, furniture design, and crafts, I am eager to join a creative team to develop innovative concepts.

I am excited about the prospect of expanding my horizons and exploring new possibilities across various domains.

EXPERIENCE

Website Visual Designer

Ahmad Butler Foundation (ABF)

London, UK (Remote)

11/2023 - Present · Charity

Skills: Research Analysis, Prototype, Collaboration, WordPress

- Conducted research on the charity, parade, and fundraising websites, to gain profound insights into structural elements.
- Produced detailed wireframes, prototypes, and mockups to effectively communicate and visualise website design concepts.
- Collaborated with development and marketing staff to guarantee optimal contents on the WordPress platform.

Craft Designer

Independent Project (UAL)

London

03/2023 - 12/2023 · Project

Skills: Research Analysis, Marketing, Commercial Acumen, Woodwork

- Innovatively use recycled materials to craft unique home items.
- Featured on Behance Craft, with 600+ appreciations.
- Commercial success: multiple pieces sold, validating the appeal of the "imperfect" aesthetic.

Furniture Design Assistant

Markor Furnishings

Remote

08/2022 - 10/2022

Skills: Market Analysis, Ideation, Sketching, Collaboration

- Spearheaded collaborative efforts with the company, translating provided information on innovative furniture concepts.
- Successfully contributed to the creation of 5 distinct furniture designs.

Product Designer Intern

Moma Industrial Design Studio

Ningbo, China

03/2022 - 05/2022

Skills: Market Research, Sketching, Branding, Collaboration

- Ideated and sketched nearly 50 product and packaging concepts, achieving a 60% selection rate for development.
- Executed in-depth market research, resulting huge increase in client satisfaction and strengthened client relationships.

Product Designer

International Design Awards

Ningbo, China

03/2022-07/2022 · Project

Skills: User-Centric Design, 3D Modelling, Prototype, Structure Analysis

- Redesigned the in-car purifier to alleviate drivers' negative emotions.
- Featured in the Industrial Design category on Behance, gaining 450+ appreciations, 8.1k views and 300+ followers.

Office Assistant

University of Nottingham

Ningbo, China

05/2019-07/2021

Skills: Branding, Promotion, Marketing, Communication, Hospitality

- Enhanced university brand through enrollment promotion, collaborating on campaigns, boosting applications by 20%.
- Designed 5 more admission t-shirts concepts, and leading an admission team of approximately 150 students.
